Resolution on Allocating Funds for Strike School
Graduate Labor Union - UE Local 1105
Presented to the General Membership Meeting on October 21st, 2026

Our Collective Bargaining Agreement expires on June 30, 2027, and thus all graduate workers at the University of Minnesota will need to become engaged in order to win a stronger second contract. A strong, well-trained steward and organizer network increases the ability of GLU to organize nonmembers, defend our contract, and organize the fight for a stronger contract during bargaining in 2027. As part of building a successful contract campaign, GLU will be holding a Strike School on December 5th to mobilize and educate members to organize and fight for a stronger second contract.

THEREFORE, BE IT RESOLVED:

- $2800 will be allocated from the General Fund to hold Strike School on December 5th. These funds include costs for food, facility reservations, and organizing materials.
- Any unspent funds from this allocation will be returned to the Strike and Defense Fund following the respective date of the event.
